(The exception is for vouchers issued through “PayPoint” for those the most remote areas of the Highlands where they can be used at retail outlets that offer PayPoint).

How often are vouchers issued?

We intend to issue fortnightly payment in advance with the next vouchers due to be issued during the week commencing 13 April 2020, and on a fortnightly basis thereafter.

Can I get change if my shop is less than the value of the voucher?

No cash/change is available from these vouchers. If your spend is less than the value of the voucher, then the balance can be used on your next shop with that same retailer, and the total value of the voucher is to be used within 3 months of the date of issue of the voucher.

There are some exceptions to this and in these circumstances, payments will be issued through "PayPoint" for those in the most remote areas of the Highlands. Paypoint vouchers are exchanged for cash at retail outlets that offer PayPoint.

Does the voucher need to be spent in the one transaction?

No. If your spend is less than the value of the voucher, the balance can be used on your next shop with that retailer, and the total value of the voucher is used within 3 months of the date of issue of the voucher.

For vouchers issued through "PayPoint" for those in the most remote areas of the Highlands, the vouchers expire after 1 month
